THE SECRETARY OF DEFENSE

WASHINGTON

May 23, 1958

Dear Allen:

I know that you are familiar with the Secretaries' Conference. We plan to hold another such Conference at Quantico, Virginia, from June 19-22.

I would particularly appreciate it if you could talk to the group concerning the recent developments in the communist bloc, and give a general intelligence view of our worldwide situation.

I am attaching a tentative program for the entire Conference, and I hope you will be able to be present as much of the time as possible.

Sincerely,

Honorable Allen Dulles
Director
Central Intelligence Agency
